

DRINKING WATER NOTICES

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER Tests Show **NO Coliform Bacteria in Riverbend Subdivision Water**

Our water system recently had work done to relocate a water main at the entrance to Riverbend Subdivision. After initial water testing indicated that there was Coliform bacteria present in the water samples, MSC followed the guidance of the Office of Drinking Water and performed aggressive flushing of the system. The system was resampled on both Wednesday October 21st and Thursday October 22nd with Test results indicating **No Coliform bacteria** present.

Your drinking water meets or surpasses all Federal and State Drinking Water Standards.

The Municipal Services Commission is committed to providing safe and reliable water service.

For more information, please contact Jay Guyer or Ryan Jaeger at 302-323-2333.

Please share this information with all the other people who drink this water, especially those who may not have received this notice direct
